

Books and Other Publications

A vast number of breast cancer books is available. You might try computer search engines such as Google, Yahoo, and many others. You may also choose to go to the public library in your area. Local book stores often offer a "couch comfortable" environment where you can preview a book prior to purchasing.

BOOKS FOR CHILDREN

Books for children about cancer offer important opportunities for giving age-appropriate information and opening up areas for discussion. These websites have particularly good listings of children's books and workbooks.

American Cancer Society: Cancer.org

Searching "Helping children when a family member has cancer" offers extensive information on how to help children, including a book list and other resources.

www.revolutionhealth.com/advocacy/breast-cancer/parent-cancer

Books for children whose parent has cancer, updated in May 2008, offers several books with descriptors, age-level readiness, and helpful related links.
